REMARKS

The previous response filed on January 30, 2006, has provided a full and complete response to the Office Action dated January 9, 2006. This supplemental response includes the submission of new Figure 6, which was fully described in the original specification and formal drawings for Figures 1-5. No new matter has been added, in that full support for Figure 6 exists in the specification and drawings as originally filed. Continued consideration of the pending Claims 1-21 is respectfully requested.

In view of the above amendments and remarks previously submitted, it is respectfully submitted that each of Claims 1-21 recite subject matter that is neither disclosed nor suggested in the cited prior art. It is therefore respectfully requested that claims 1-21 be allowed, and that this application be passed to issue.

In the event this paper is not being timely filed, Applicants respectfully petition for an appropriate extension of time. Any fees for such an extension together with any additional fees may be charged to Counsel's Deposit Account 50-2222.

Respectfully submitted,
